Greetings,

We are pleased to inform you that your instructor designated you as a high-performing alumni for the **Summer 2024** term of the OPEN Program. High-Performing alumni are chosen based on their academic success, contribution to classroom community and peers' learning, and dedication to cascading new knowledge. Congratulations, and thank you for your hard work!

As a high-performing alumni, you may have additional opportunities with the OPEN Program or with your RELO or U.S. Embassy. The OPEN Program may have opportunities for you to facilitate an OPEN MOOC and will reach out as the chance arises. Please reach out to your nominator at the U.S. Embassy for more information about opportunities that may be available through your RELO.

Congratulations again, and we hope to see you in the Community of Practice!

Best Regards,

The OPEN Program
